FINDINGS STATEMENT - PROJECT IMPACTS

The lead agency, the Town of Lancaster, through the review of the Municipal Review Committee, which is made up of at least three (3) members of the Town Board of the Town of Lancaster together with at least three (3) members of the Planning Board of the Town of Lancaster, has found the proposed action impacts to be as follows:

1. The proposed action will result in a small to moderate physical change to the project site.
 - It is noted that construction will continue for more than one year and may involve two phases.
2. The proposed action will not affect any unique or unusual land forms found on the site.
3. The proposed action will not affect any water body designated as protected.
4. The proposed action will not affect any non-protected existing or new body of water.
5. The proposed action will have a small to moderate impact upon surface or ground water quality or quantity.
 - A State Pollution Discharge Elimination System (SPDES) General Permit for Discharge from Construction Activities is required during construction.
 - It is projected that the proposed action will require the usage of more than 20,000 gallons of water per day.
6. The proposed action will cause a small to moderate impact upon drainage flow patterns or surface water runoff.
 - It is noted that this site has had fill placed in the flood plain.
7. The proposed action will not affect air quality.
8. The proposed action will have a small to moderate impact upon threatened or endangered species.
 - The application of herbicide or pesticide for lawn care purposes may occur.
9. The proposed action will not substantially affect non-threatened or non-endangered species.
10. The proposed action will not affect agricultural land resources.
11. The proposed action will not affect aesthetic resources.
12. The proposed action will not impact any site or structure of historic, pre-historic or paleontological importance.
13. The proposed action will not affect the quantity or quality of existing or future open spaces or recreational opportunities.

14. The Town of Lancaster has not established a critical environmental area (CEA) pursuant to subdivision 6NYCRR617.14(g), therefore the proposed action will not impact the exceptional or unique characteristics of a critical environmental area (CEA).
15. The proposed action will not affect existing transportation systems.
16. The proposed action will not affect the community's sources of fuel or energy supply.
17. There will not be objectionable odors, noise, or vibration as a result of this proposed action.
18. The proposed action will not affect public health and safety.
19. The proposed action will have a small to moderate impact upon the character of the existing community.
 - The action will cause a change in the land use density.
 - The development will create demand for additional police, fire and ambulance services.
 - The project will create employment.
20. There is not, nor is there likely to be, public controversy related to potential adverse environmental impacts.

The Municipal Review Committee notes the following in response to a concern raised by the Erie County Department of Environmental Conservation regarding noise from Broadway traffic, railroad and airplanes:

- **This facility will be further removed from the direct flight path, Broadway traffic and the railroad than other similar facilities.**
